WALLCOVERINGS

Designed and Manufactured in the UK

Muraspec
WALLCOVERINGS

With an extraordinary legacy rooted in British craftsmanship since the 1850s, we stand as an international leader in bespoke wallcoverings. Serving an elite global clientele across Hospitality, Healthcare, High Street Retail, Commercial Office, Cruise Ship, and Residential sectors, we take pride in our unparalleled expertise. By maintaining complete control over our design and manufacturing processes in-house, we create high-quality, fire-rated wallcoverings with precision and care. This commitment to excellence allows us to deliver industry-leading lead times, embodying a tradition of innovation, artistry, and reliability that sets us apart on the world stage.

All our products are fully compliant

Fire rating:	Euro Class B-s2, d0 Other Fire Certifications available include Russian GOST, Australian AS 5637.1, Chinese 8624
ASTM E84:	Class A
VOC rated:	A+
IMO rated:	Yes
Cleanability:	Fully Washable
Lightfastness:	Very Good

Technical Information

Construction type:	Type II, Fabric backed vinyl
Backer:	Non-woven Polyester
Weight:	460 gsm / 20 oz
Roll width:	130 cm
Roll length:	30 linear metres

Environmental

Environmental responsibility: Muraspec regularly utilise up to 30% of our recycled content from woven backed product towards making new wallcoverings of a similar construction.

bsi ISO 9001 Quality Management Systems CERTIFIED Q 06111 — ISO 14001 Environmental Management CERTIFIED EMS 74353

CLEANABILITY: Fully Washable
IMO RATED: 8517
IMO RATED: BV2690
LIGHTFASTNESS: Very good. (6 out of 8 to BSEN20105
VOC RATED: A+
CE COMPLIANT
CONTAINS BIOCIDE: Biocide

SPECIFICATION

Width:	130 cm
Weight:	440gsm
Backing:	Cotton Scrim
Repeat:	Random Match

CERTIFICATION

Fire Resistance to Euro Class B-s1, d0 (when used on a suitable substrate)
CE Certified
Environmental Accreditation to ISO 14001 & ISO 14025 (BRE Global)
VOC rating A+
Marine rating BV0062

CLEANING & MAINTENANCE

Extra Scrubbable in accordance to European Standard EN235

INSTALLATION & ADHESIVE

Reverse Hang using Murabond Heavy.
On dry lining use Murabond Easy Strip. On sealed surfaces use Murabond Sealed Surface Adhesive. For other surfaces please contact us.

WALLCOVERINGS

Strataflex

Strataflex can be formed around the most intricate shapes and 3 dimensional surfaces

For more information please visit: www.muraspec.com
For samples please email: customerservices@muraspec.com

Strataflex

Strataflex is a flexible, self- adhesive vinyl film designed to be applied to hard, non-porous surfaces. Once applied it acts like a laminate, providing a highly durable and easily maintained decorative surface. It is available in over 400 designs and colourways offering a wide selection of finishes to suit any interior scheme.

Strataflex is the ideal way to create the natural effect of wood, stone, leather and marble for a fraction of the cost. The Strataflex range also comprises products suitable for external use, for use in bathrooms and other wet areas.

Quickly and easily re-surfaces doors and other hard surfaces to give instant results with a minimal impact on the working environment

Strataflex is not CE marked for use as a wallcovering

Responsible sourcing, sustainable production

At Muraspec, we are committed to advancing sustainability by reducing our carbon footprint and landfill waste. It's what we practice at our UK manufacturing facility every day.

As industry leaders, we control every element within the lifecycle of our products.

Beginning with the ethical and responsible sourcing of raw materials, to the production & packaging process, and beyond to our inhouse recycling facility, all driven by our commitment to sustainability.

We strive to reduce our carbon footprint through responsible sourcing of raw materials and supply chains. As the first wallcovering manufacturer to have its products assessed by BRE Global, we have had Environmental Product Declarations (EPD) available since 2012.

We have our own in-house recycling facility on our premises, and we use up to 30% of recycled content in all our wallcoverings.

We have achieved a 58% reduction in our total carbon emissions.

Low carbon footprint with UK manufacturing

Cost Control – removing volatile rising cost pressures, delivering value

Fully accredited & quality assured. Internationally recognised ISO 14001

Short lead times and fast delivery to meet project deadlines

End-to-end local support

Supporting the Countryside Partnership at grassroots level through action programmes focussed on nature conservation, bank restoration and education initiatives
