

La **Direction Finance** située à Levallois-Perret recherche :

Alternant Chargé(e) de projet finance (Source-to-Pay and Order-to-Cash) H/F

Context

The apprentice will be a shared resource of both Source to Pay Global Process Owner and Order to Cash Global Process Owner (operational processes in transport management system are not included in the scope). Indeed, these two streams are closely linked with multiple interdependencies to manage. The Junior GBPO will help to bring end-to-end vision of processes

Description of the mission

- Detailed design activities: Participate to Fit-to-standard and Fit-to-template workshops facilitating by the integrator.
- Data migration activities: Assist Data migration team within data workshops in supporting the functional knowledge
- Pilot and Deployment activities: explain GEODIS Core Model to local users. Support/help them during User Acceptance Tests
- In addition, the apprentice will help the Source to Pay and Order to Cash GBPOs:
- Support on project management activities,
- Help in facilitating a community of Local Business Process Owners,
- Contribute to change management initiatives.
