

# Export Control Essentials: Secure Your Trade!

LE GOUVERNEMENT  
DU GRAND-DUCHÉ DE LUXEMBOURG  
Ministère des Affaires étrangères  
et européennes, de la Défense, de la  
Coopération et du Commerce extérieur

Office du contrôle des exportations,  
importations et du transit

# Finding the common denominator

- Software to design components for aerospace and propulsion
- Components for aerospace goods
- UAV dual-use or specially designed for military purpose
- Composite materials
- Telecommunications systems, equipment, components and accessories
- Satellites / Space launch vehicles, "spacecraft", "spacecraft buses", "spacecraft payloads", "spacecraft" on-board systems or equipment, terrestrial equipment, and air-launch platforms
- .... and related software & technologies
- Machines and lasers
- Some metal or ceramic powders

# Export control

- Why are there export controls?
- What is controlled?

# Applicable texts

- On the Union level:
  - Regulation (EU) 2021/821
  - Common Position 2008/944/CFSP
  - Restrictive measures
- On the national level:
  - Law of 27 June 2018
  - Grand-Duke Regulation of 14 December 2018

# Office for export control (OCEIT)

- What do we do?
- What is our goal?
- What can we offer to support you as a company?

# Thank you for your attention!
