

Multinational investigation

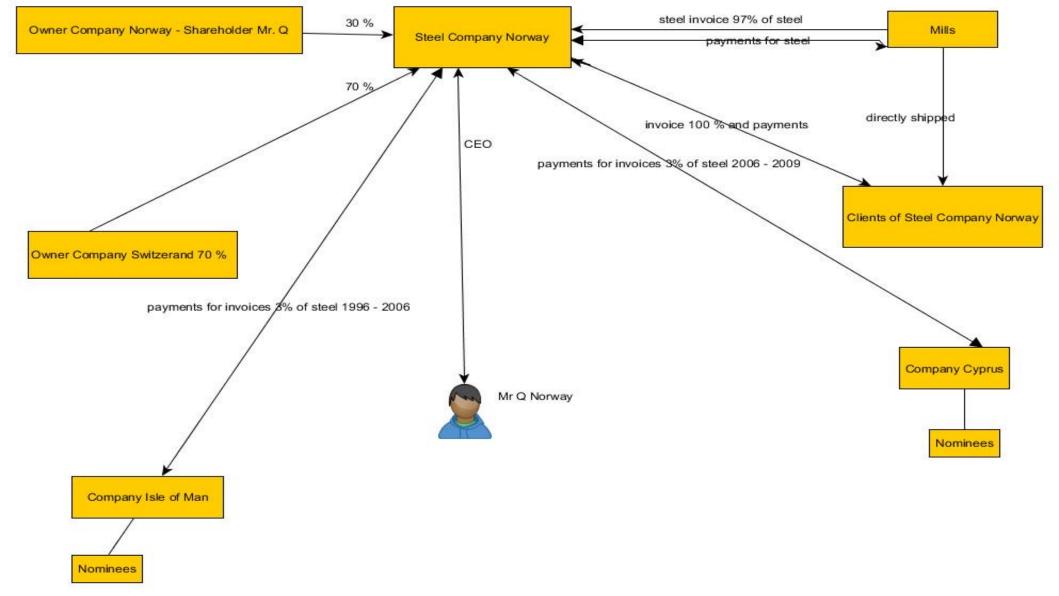

The Case

"Steel-Business"

mitial Information

Whistle Blower Report
2 Agreements
2 Faxs

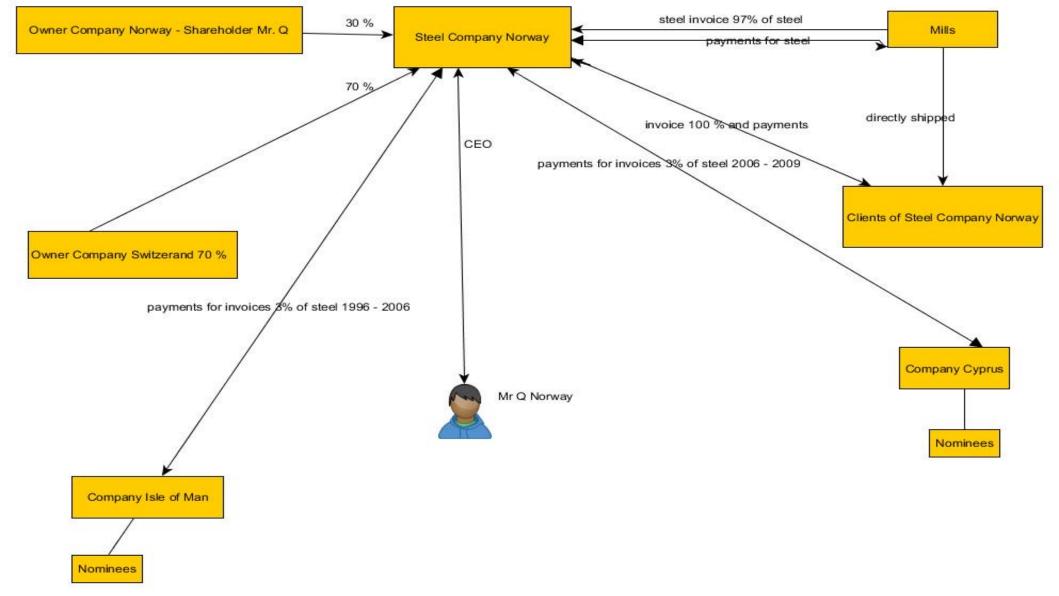

Practical Exercise:

Please check the documents!

Can you find any suspicious facts!

Is it enough pre-evidence/information to start a criminal investigation?

What further steps do you recommend - in all aspects, criminal and civil especially on the appropriate asset recovery actions/steps for the further investigation?

Preparing the investigation of the Case

Case/Team Management

Practical Exercise!

Review the chart and try to understand the structure of the companies, the money flows, and the business itself!

What aspects (case management, team selection, resources etc.) do you have to keep in mind when you think of managing an international investigation? Reflect on this using the provided structure? Highlight problems, challenges, requirements, etc..

Group Presentation Results Practical Exercise!

Case Management / Team selection!

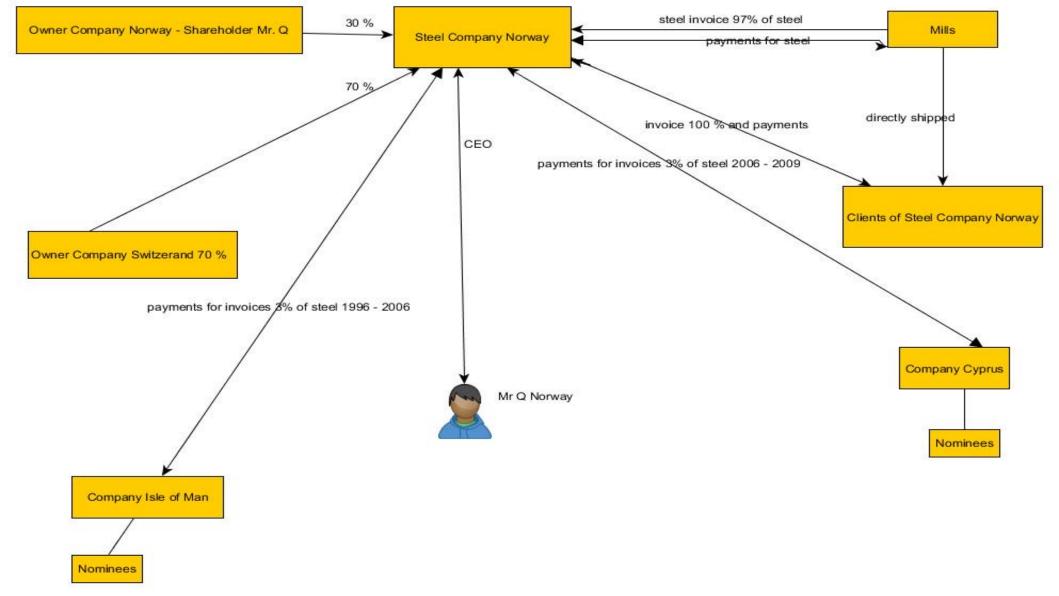

General aspects!
(ppp Ralf)

Need for more information?

Investigative Techniques

Important to think about in advance:

- 1. What kind of investigative techniques would you use for gathering more information? What kind of investigative techniques would you use for tracing / finding the assets?
- 2. What are the legal requirements of the suggested investigative techniques?
- 3. What are the problems, needs, resources,.... of the suggested investigative techniques?

Practical Exercise!

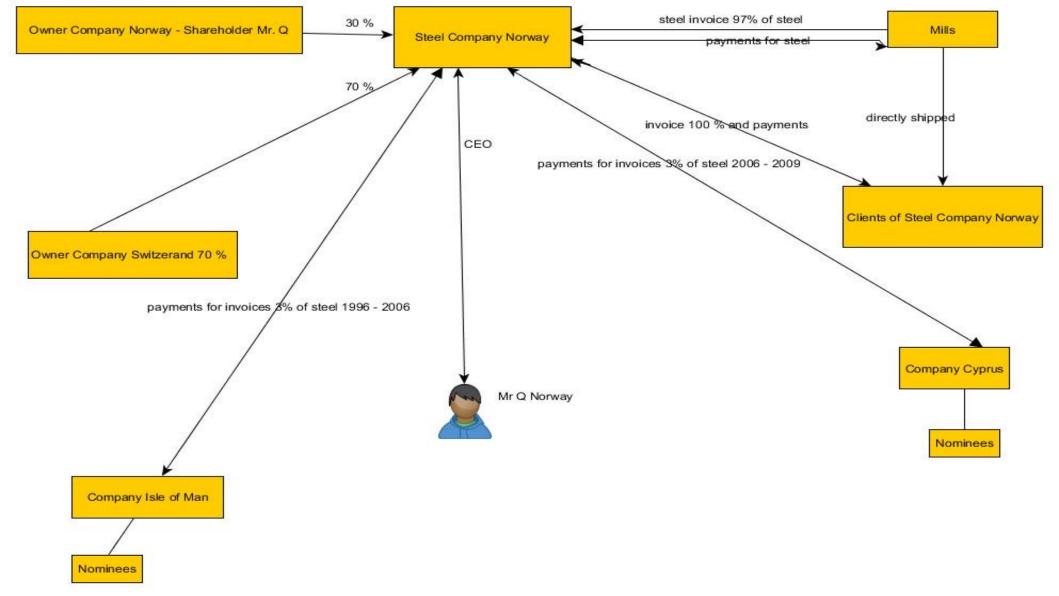

Result presentation of breakout groups

International Cooperation! Overview! Legal Aid! TIEA! DTA
