LOGO GARMENTS

Create your own unique assortment

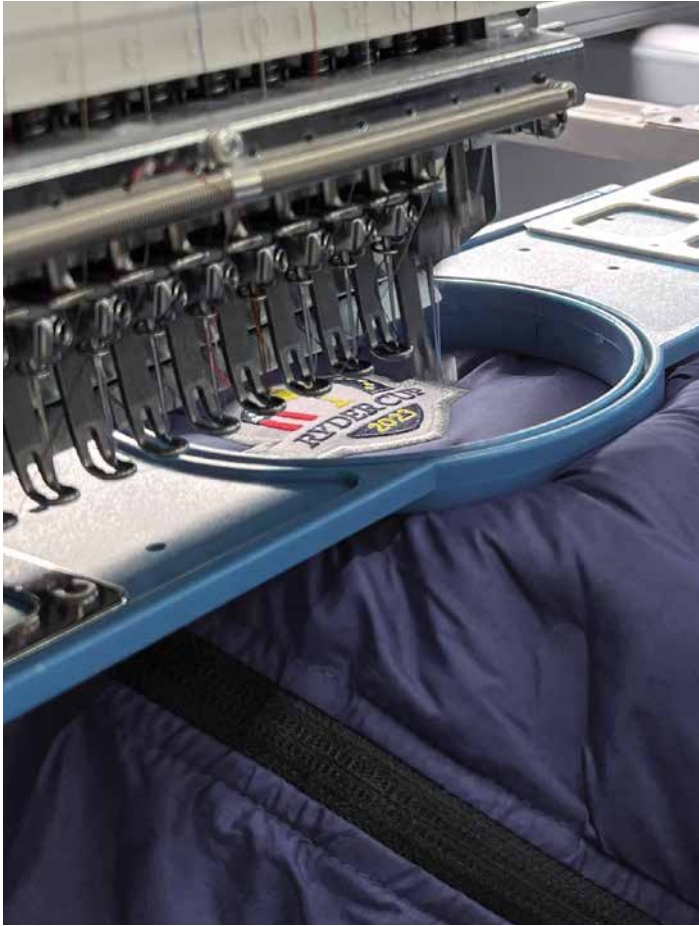

Golf Ireland international and interprovincial teams

Staff outfit, - Loch Lomond Group

Member's Club fleece, Bokskogens Golf Club

IN-HOUSE EXPERTISE

Top quality logos increase the value of the garments

High performing teams need high performance clothing with high quality branding. Designing team wear for the European Solheim Cup team six times and supplying apparel to multiple national golf teams has made us quite an expert. Our in-house logo studio guarantees first class print and embroidery every time. Perfect for team outfits and your own unique clothing assortment.

Heat transfer print

Embroidery

Heat transfer print, embroidery effect

Embroidery creates an exclusive look but might not be the best of choice for small or detailed logotypes. Heat transfer is a cost-effective alternative, ideal for thin fabrics and water-proofs. The heat transfer print with embroidery look is a great choice when you prefer an embroidery look but want a garment with a fabric more suitable for print.

Whatever your choice, the end result will be superb!

With a complete product range featuring garments and accessories with your own club crest you can increase revenue and team spirit amongst your club members. You will drive sales by offering guests crested souvenirs to remember their visit, create visibility and a lot of pride amongst members.

ABACUS OFFERS MULTIPLE TECHNOLOGIES for adding your logo to a garment, and we are happy to recommend the best option based on the details in your logo, the desired size, garment type and fabric that the logo will be placed on. Your logo or club crest can be embroidered or printed to create the desired visual effect: in original colors; in the same color as the garment, creating a very discrete appearance; or why not let us adjust the color of your logo to match a detail of the garment.

AT OUR IN-HOUSE LOGO STUDIO our dedicated and experienced staff have full control over the logo process, from start to finish. Mia Potter, embroidery manager at Abacus Sportswear, has a good sense of the visual and ensures a high-quality level. She also helps our customers fine-tune their logos. Sometimes it is just about color adjustments but in other cases you may change the entire appearance of a logo to get a more commercial look of a garment. Those who have spent some time making their logo more matching their club brand, and thus better in marketing and selling, have seen a large increase in sales.

LOGO AND COLOUR REFERENCE

Please send us your logo in high resolution and preferably vector graphic (.eps .ai or .dst format) together with your order. Please also make sure to send us the colour codes of your logo

SIZE AND PLACEMENT

Please inform us about the desired measurements, (width x height) and placement of your logo (usually left sleeve; or right or left side of the chest).

PROOF AND APPROVAL

For all new cresting, we will supply you with a pdf or (if necessary) an embroidery sample for your approval and confirmation before production. After that we make the logo accordingly.

ORDER AND DELIVERY

You get prompt deliveries, standard delivery time is 14 working days from the time we receive your approval and we offer flexibility regarding volume (for embroidery the minimum is 6 garments, same color and logo).

LOGO PERFECTION

We adapt your logo to look the best on every garment

Tone in tone - logo in the same color as the fabric

Tonal - one color - logo in a color slightly brighter/darker than the fabric

Original logo - logo in its original colors

Tonal - two colors - logo in two colors slightly brighter/darker than the fabric

Color co-ordinated - logo in colors adjusted to match the garment

KEY TEAM OUTFITS

High performing teams need high performance clothing with high quality branding. Designing team wear for the European Solheim Cup team six times and supplying apparel to multiple national golf teams have made us quite an expert. Our in-house logo studio guarantees first class print and embroidery every time. Choose the perfect team outfit from our wide assortment of products.

Bounce waterproof hoodie and rain trousers, Hammel recycled half sleeve, Lanark classic wind jacket, Formby trousers and Club midlayer.

Bounce waterproof hoodie and rain trousers, Pikewood drycool polo, Lanark classic wind jacket, Cleeck flex trousers and Club midlayer.

KEY CORPORATE OUTFITS

Your staff are the company's representative when dealing with the public and they can be an excellent showcase for your brand. Classic and functional clothing, featuring a high-quality company logo (embroidered or printed) creates a consistent and professional image whilst making the daily clothing choices for your staff very straightforward. The Abacus Classic collection has everything you need, no matter what function each member of the team performs, from shirts and trousers, to rainwear, warmer layers and accessories, there is plenty to choose from.

Cleek drycool polo, Portrush hybrid jacket, Cleek flex trousers

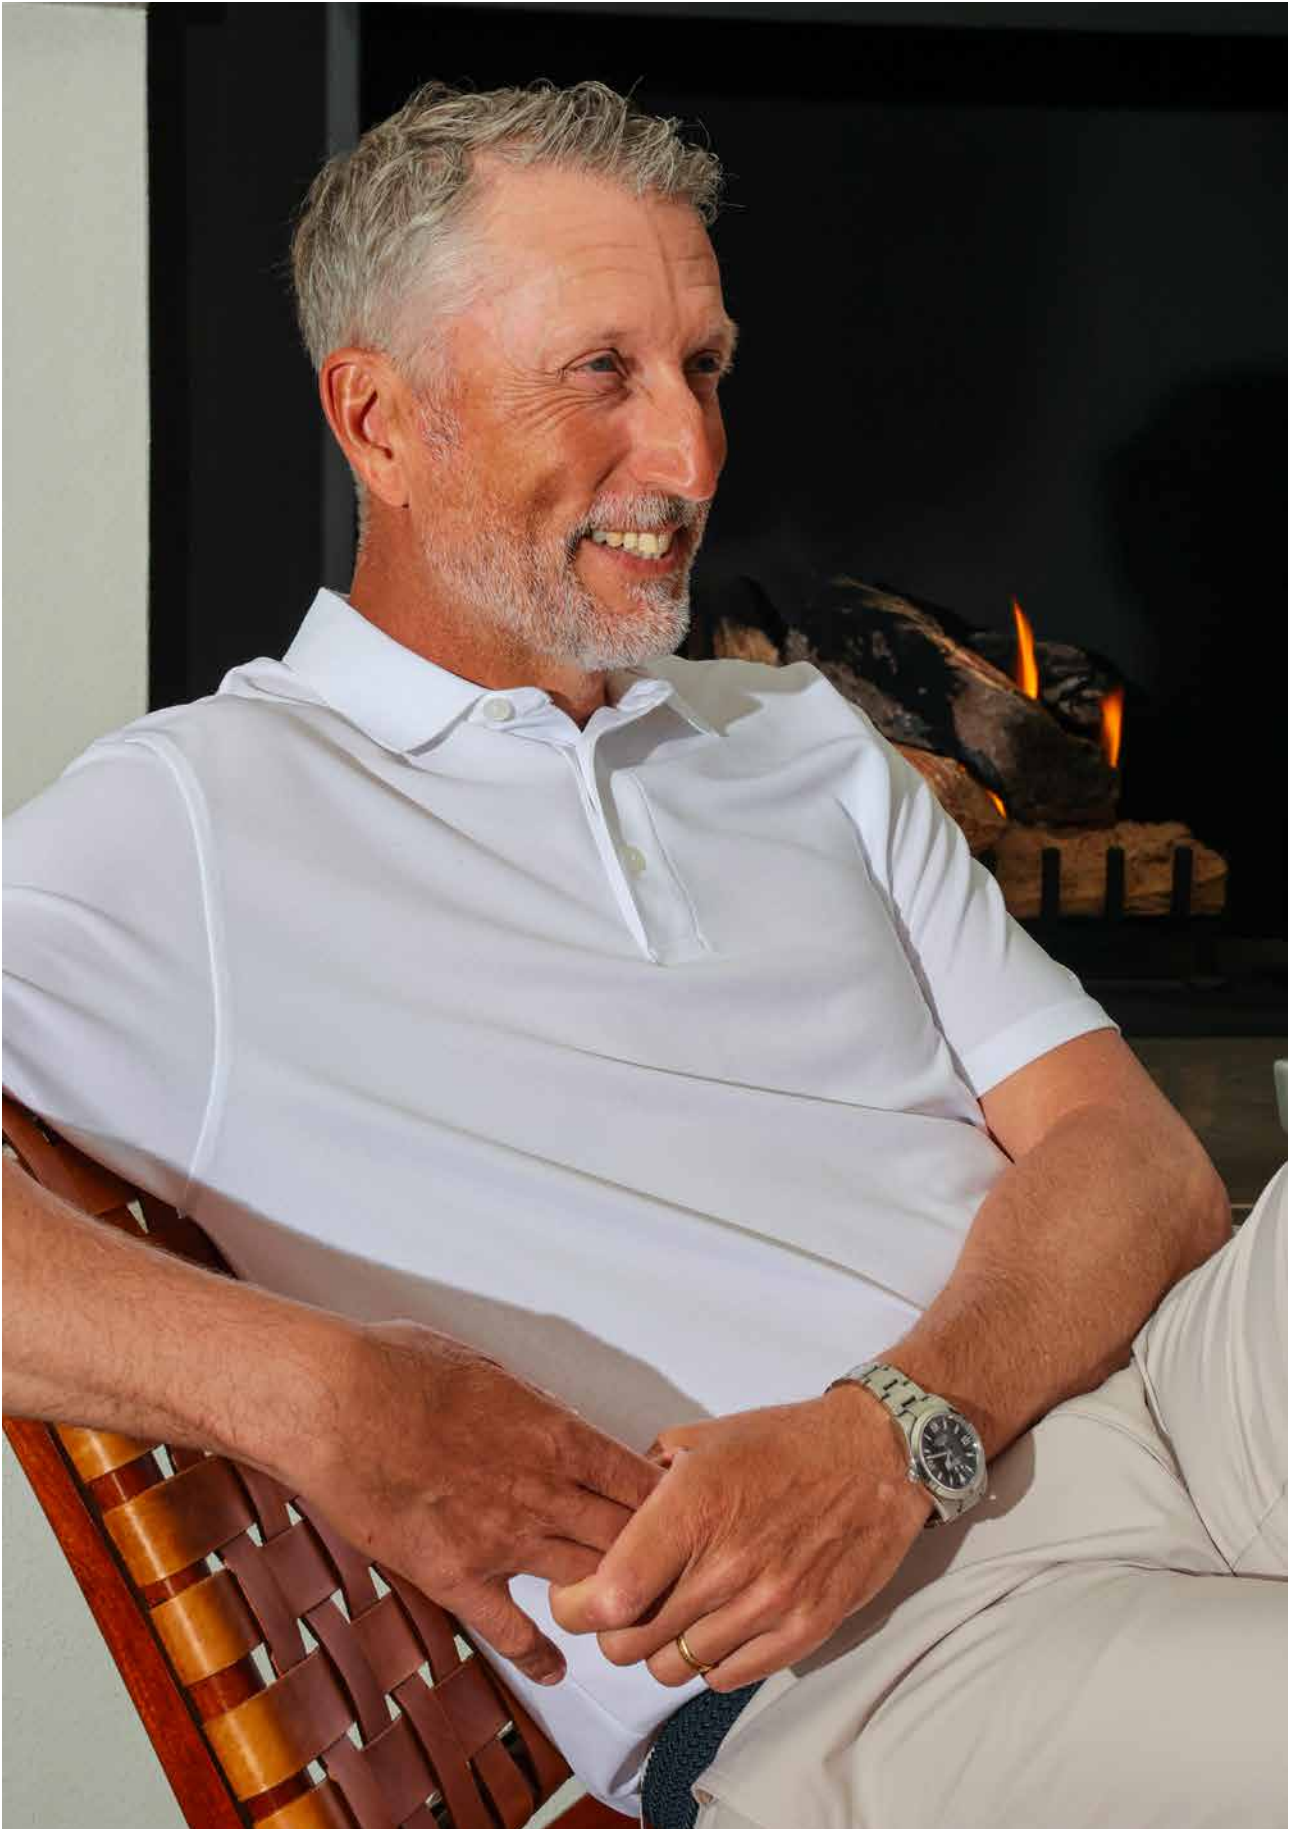

Aloha UV turtle neck, Staff 3 in 1 waterproof jacket with hood, Bounce waterproof trousers

CLASSIC COLLECTION

Timeless Classics

NEW STYLES

WOBURN MIDLAYER now available for both women and men in our classic collection. It's a soft and stretchy fleece with a cableknitted pattern, perfect as a warming layer for golfers on a cold day and a versatile and appreciated garment in any sophisticated team or staff outfit. With a knitted rib with contrast stripes inside the collar and at sleevebottom and a drawstring at the body bottom. The women's version comes with a full zip, while the men's version feature a 1/2 zip. Both have two frontpockets without zippers.

HILLSIDE POLO is launched at the request from many of our customers. A short-sleeved version of the iconic Hillside shirt made of the same practical breathable cotton/polyester fabric with wicking effects and stretch. The design is classic, in piqué knit with cut-and-sewn collar and back yoke in men's version, a feminine shape in women's. This is a great polo for golfers who want to look smart, both on and off the course. It is also a great choice for staff and team members. Add an embroidered club crest to complete the look.

LANARK STRETCH WIND SHIRT has been such a popular style worldwide that we've now added it to our classic range in navy. This is an extremely lightweight wind stopper with minimal packdown size - easy to bring in the smallest of bag pockets and is as great on the golf course as on a summer hike. It offers great protection from the wind and, thanks to the water repellent surface, also from light drizzle. Lanark is made of a thin, re-cycled polyester fabric with a transparent pattern, it has a full zip in front and a breast pocket with zipper for necessities. Reflective details on the back and front of the shoulders.

LIFFIN KNITTED WIND STOPPER is a new classic style made from a high-quality merino wool blend. The women's version has a decorative knit pattern on the shoulders and front full zip. The men's version has a 1/2 zip and both have rib sleeve cuffs and body bottom. This wind stopper has a stretchy, soft, comfortable windproof lining inside, keeping the wearer warm and comfortable in style. Available in grey and navy, the Liffin is a classic style that should be in every golfers wardrobe. Featuring a discreet abacus® logo at the back below collar and at lower left front, the Liffin is an ideal choice for club cresting.

GULLANE WARM MITTENS

These mittens are the perfect protection for your hands when you want to play golf in colder weather.

They are generously sized which makes it easy to pull them over your hands while still wearing your golf glove. Pull them on between your shots, and they will be your hands' best friends.

It's also possible to print a club logo on the mittens, providing a perfect opportunity for a club to brand itself.

BAG TOWEL

This is a perfect sized golf towel with no abacus logos on it. This leaves space to embroider it with a club or resort logo! Hang it on your bag with the attached hook and you are well prepared for the entire round, no matter what dirt or moisture gets sent your way.

SPORT BAG

This bag is made of durable polyamide and is the perfect size for a quick getaway of a day or even a weekend!

Due to the square size it fits more than you think. It is also one of our most popular logo products, enabling clubs and resorts to profile themselves. There is even a hidden pocket for dirty shoes so you don't mess up the rest of the items in the bag.

Always with the golfer in mind.

CABIN BAG

This is the ultimate bag for travelling light. Featuring a number of pockets of varying size, the bag has two wheels, a mesh side pocket that is ideal for a water bottle, an adjustable handle and two adjustable straps that convert it instantly into a backpack.

A warm thank you to Torekov GK for hosting us on your beautiful course during the photo shoot for this catalogue.

The breathtaking surroundings and impeccably kept grounds created an ideal setting for showcasing our 2025 clothing collection.

We are truly grateful for your generous hospitality and the fantastic support you gave us throughout the project.
