# BIM AND SOFTWARE TRAINING

VICTAULIC VIRTUAL DESIGN AND CONSTRUCTION (VDC)

## FASTER FROM THE START℠

Victaulic®

# From software training with Victaulic® Tools for Revit® to pipe routing best practices on complicated and detailed piping systems. Contractors and engineers count on Victaulic for world-class customized training.

## BIM AND SCOPE CREEP

- Best suited for project managers, management, superintendents, drafters and other project stakeholders within your organization

- Maximizing the value of BIM by ensuring all departments are working toward a common BIM execution plan with consistent process and standards

- Overcoming training limitations within your CAD department

- Communicating with other trades on the front end of your BIM process to optimize coordination meetings and improve project schedule

- Creating a BIM execution plan

## Training Price Structure

| | Onsite/Offsite $ (+ expenses for Offsite) | Number of Attendees (Offsite) | Duration |
|---|---|---|---|
| Revit® Tool Bar | See VictaulicSoftware.com and select store | N/A | Free 30 day trial |
| Revit® Victaulic Pipe Routing Training | $1,000 per day on location | 8 | 1 day |
| BIM Training | $1,000 per day on location | 15 | 1 day |
| Hourly Web Training | $200 per hour | unlimited | customized |

# REVIT®
# TRAINING

## Benefits of modeling in 3D

- Reducing Request for Information (RFI) and rework
- Improved fabrication, modularization, procurement and product delivery
- Automatic sections
- Parametric annotation
- Accurate bills of materials
- Fabrication spools (assemblies)
- Enhanced modeling techniques
- Sloped piping techniques
- Fabrication parts integration

## Template Creation

- Pipe type setup
- Piping systems
- Project settings
- Shared parameters
- Project parameters
- Custom families
- Creating filters
- Scheduling in Revit®
- Project revisions and revision clouds
- Autodesk fabrication database management

## Family Creation

- Tips and tricks
- Combining type and instance parameters
- Common formulas
- Lookup tables
- 2D symbols nested in families for single line printing
- Smart families

**Contact Victaulic for more information on available CEUs.**

# Victaulic® Tools for Revit® is a quick solution to your most troublesome routing problems.
