## 4. THE BEST FOR EVERYONE

SUSTAINABILITY. CARE. RESPONSIBILITY.

## 1. THE BEST OF NATURE

# We share with you the values of our supply chain

We are the **guardians** of a **transparent, authentic and traceable** supply chain: **we support our farmers and partners** at every stage of the supply chain from the beginning to the end, choosing only the **best nature has to offer**.

**Selection and control** improve our work and the final result of our products. For this reason we can offer you only safe products of excellent quality, which promote awareness about a **healthy diet**.

**Oasi Rachello** is the result of our vision  
In our Oases we support ethical principles respecting the land and people, enhancing the farmers economically and adopting organic and sustainable farming methods and philosophies even in conventional cultivation.

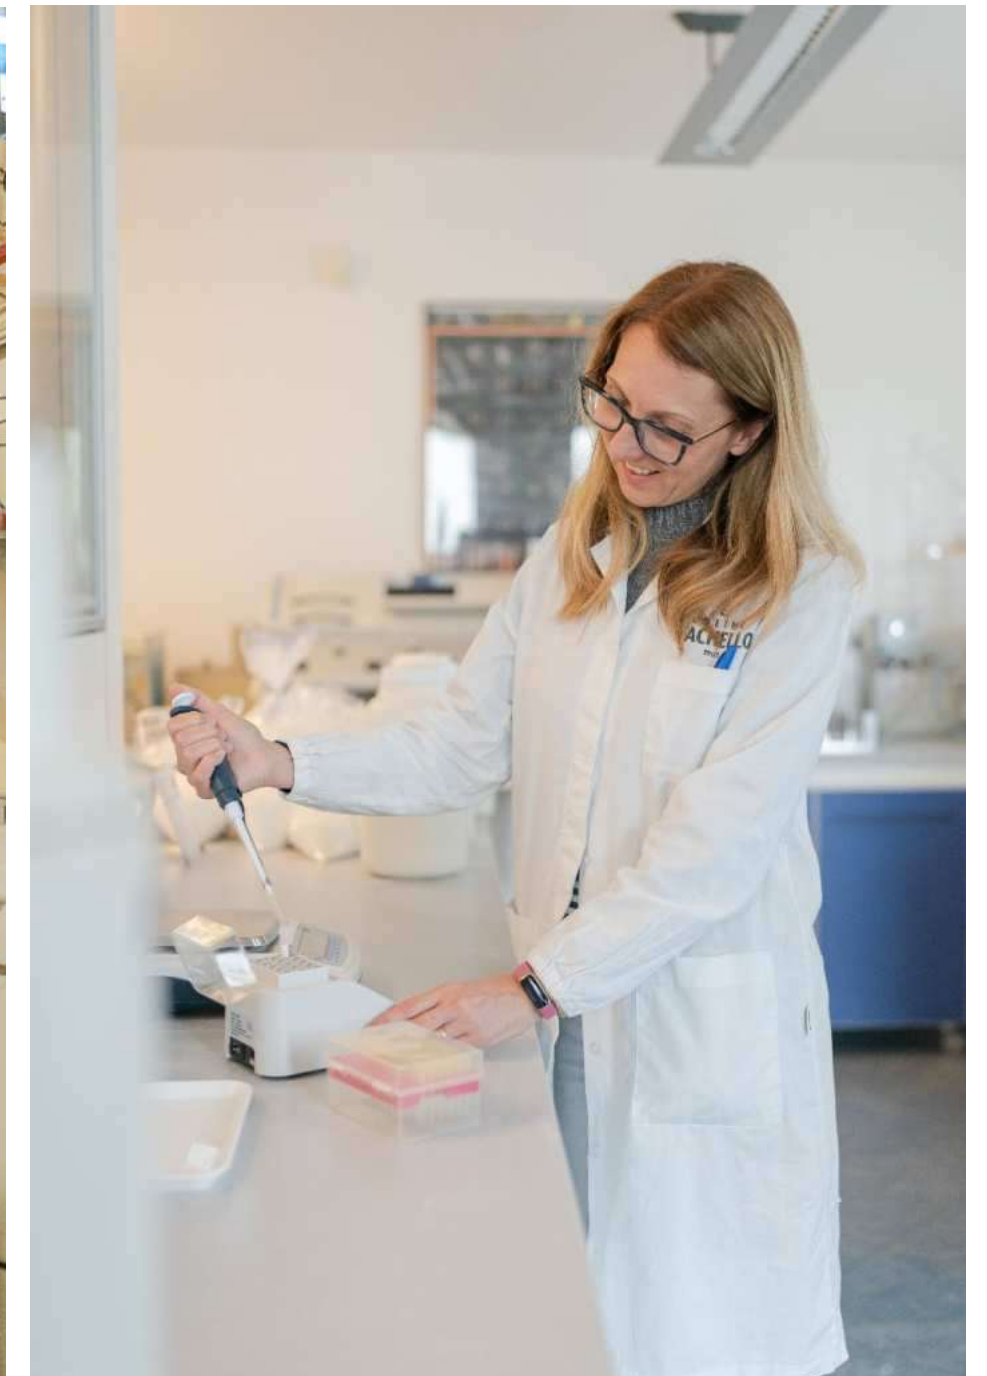

## 2. THE BEST OF RESEARCH

**We look for new opportunities  
a non stop development and  
improvement**

The **care of the process and the attention to detail** are in our nature; we constantly put them at your disposal to guarantee totally certified and transparent products.

Over the years we have improved our experiences and our skills that allow us to **research the best no stop** in both production process and cultivation, remaining faithful to the principles **of food safety** to bring value throughout **the supply chain**

### 3. FOR YOUR BEST

## Building trust day by day

We keep in touch with our local craftsmen and farmers constantly. **We listen to your needs** to assist you in your most difficult daily challenges and **to support you** in order to **offer the best** to your customers .

Your needs guide our choices: we study together customized recipes and special, exclusive and **reserved** products. A relationship based on **trust and sharing** to offer reliable solutions and answers according to your needs.

#### 4. THE BEST FOR EVERYONE

## A path to share for a mutual goal.

We are facing a long and ambitious **path** throughout the whole supply chain , that involves both **environmental dimension and socio-economic aspects** for the **territory** and the **community**.

We promote a respectful and sustainable agriculture, we respect the **well-being** of our **customers, suppliers and partners** through actions that support and enhance their work, with training plans, rewards and welfare.

## WHAT WE BELIEVE IN

### ***Environmental and social sustainability***

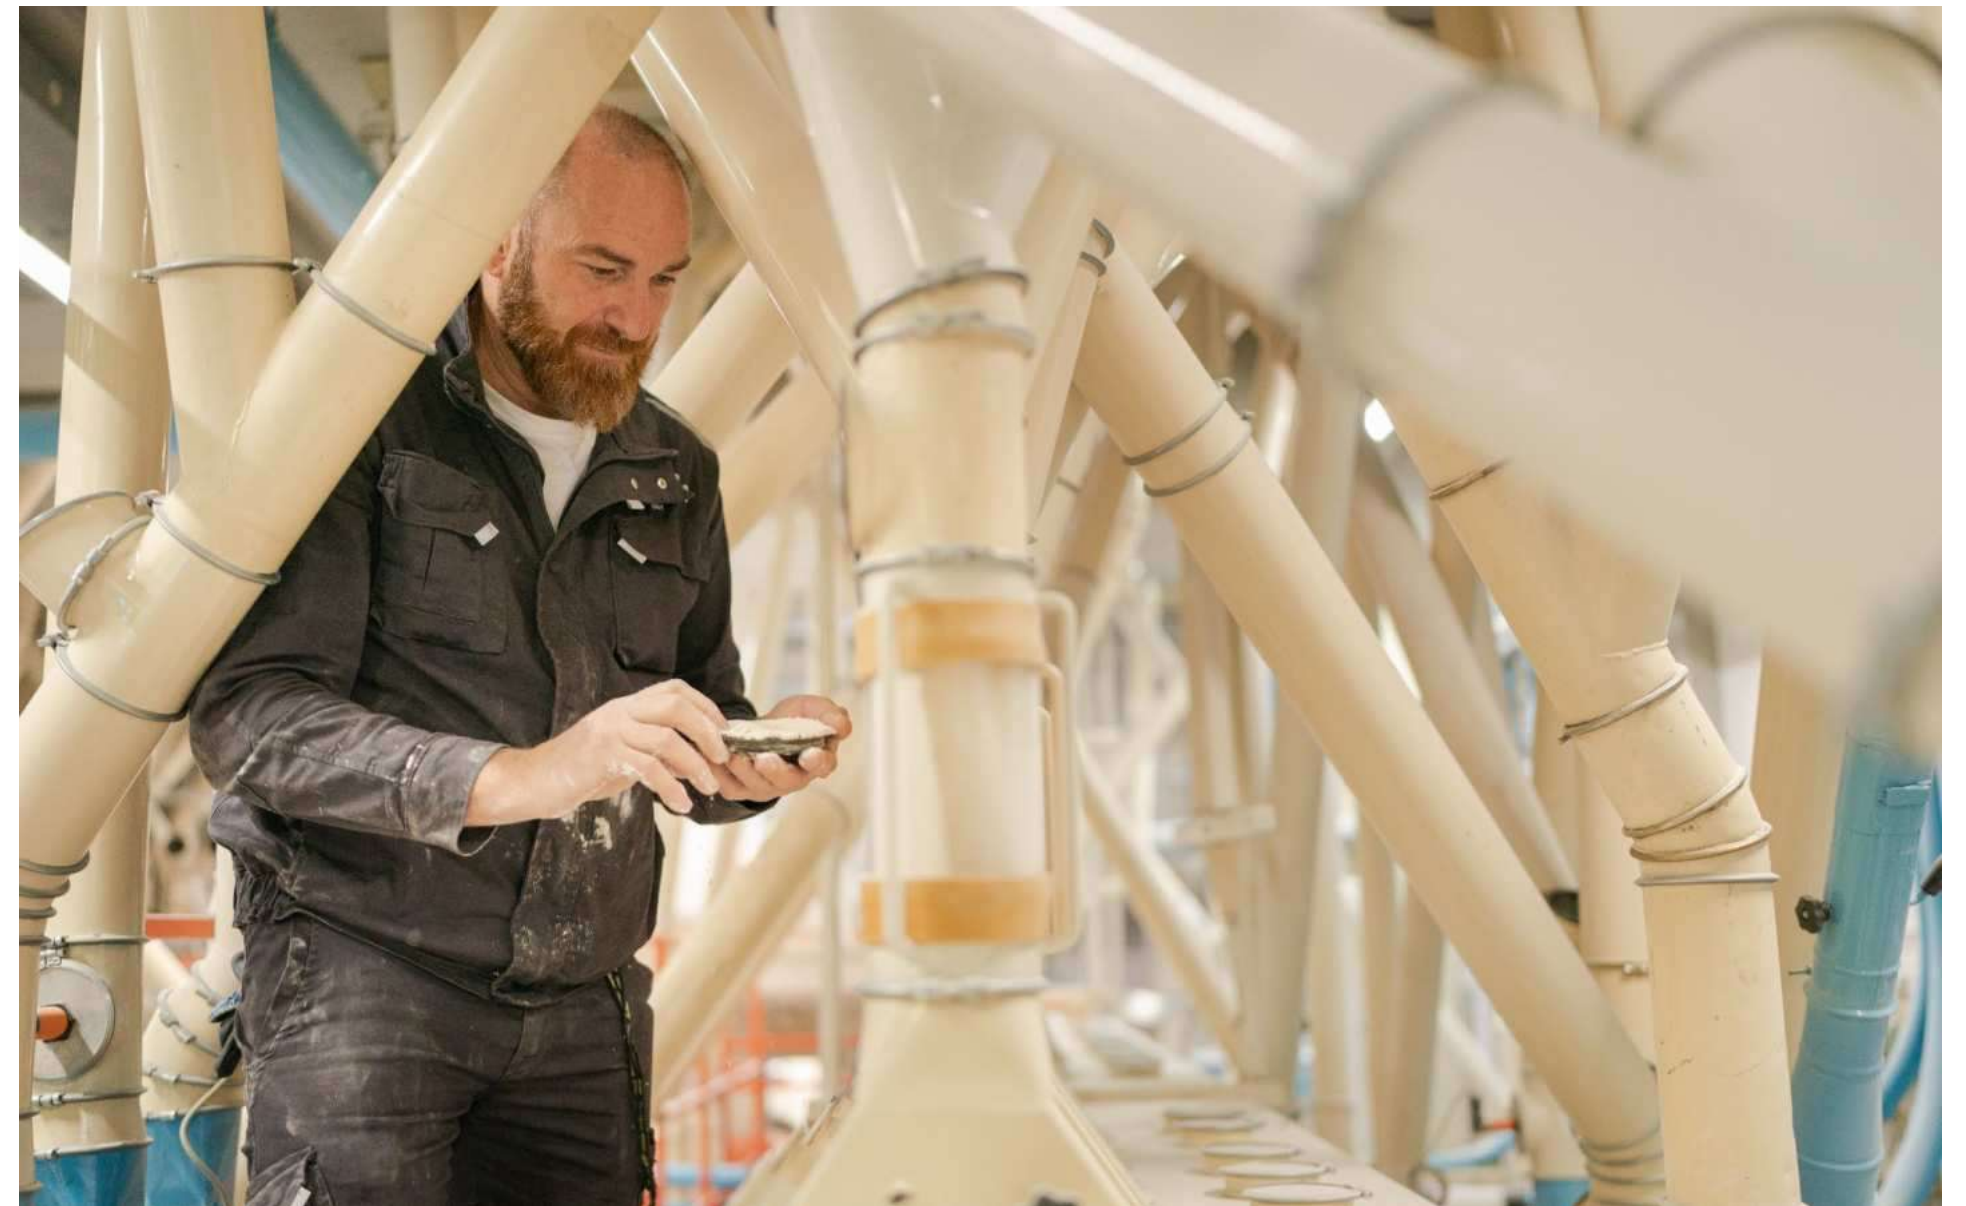

Aware that our actions have a strong impact on **people, environment and society**, we strive for analysing and improving them for a **better** future.

### ***Trust and transparency***

We have committed to taking **care** and to paying attention to what we do, to **sticking** our engagements and to **keeping** our promises, making every action **transparent and easy to be checked**.

### ***Problem solving and focus on the customer***

We do our best to meet our customers' requests and needs, looking for the **best possible solution** in compliance with the **rules**, the mutual **values** and the **common interests**.

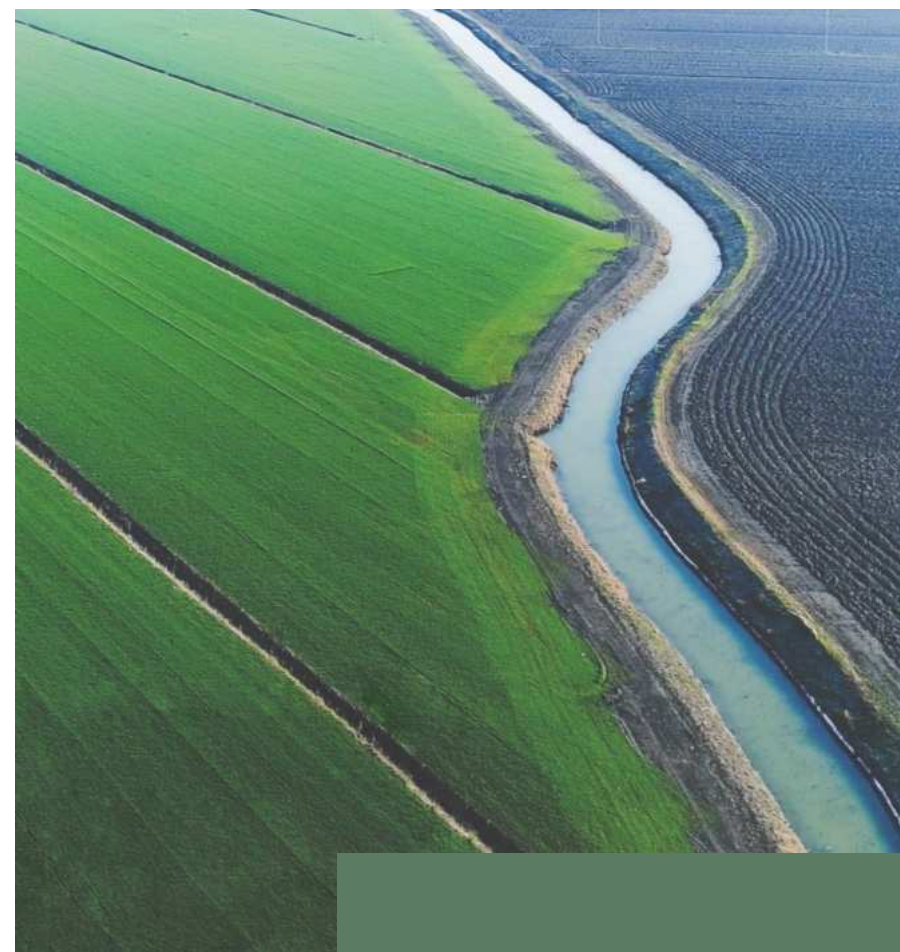

## WHAT WE BELIEVE IN

### **Sharing and team responsibility**

Aware that **success** is the result of teamwork, we are committed to do our **best** in our role and in the **cooperation** between colleagues and departments to achieve **common goals**.

### **Development and non stop improvement**

We are always in search of new **ideas** and **opportunities** which we promote and share **to develop and improve** all the time both as people and as firm.

We lead together a process of **responsibility** which enhance **the best** for the common **sake**
