

Pixi mioTM

CAT BED & CARRIER

If it looks like a cat, and meows like a cat, it's the Catit PIXI® Mio. "Mio" means "mine" in Italian, and it sounds like both a soft meow and a warm hug. This cozy, personal space is one your cat will love to claim as their own.

Travel in comfort, Relax at home

The Catit PIXI® Mio combines a comfy cat bed with a stylish carrier, perfect for short trips like vet visits. Its sleek design fits seamlessly into your home, offering your feline a cozy lounging pad year-round, while providing a secure, breathable environment on the rare occasion when travel is needed.

Built with durable ABS plastic and safety locks on both the front and back, the Catit PIXI® Mio ensures your cat's comfort on the go. The ample ventilation slots, soft padded cushion, and transparent, removable door make it a versatile cat bed & carrier that both you and your cat will love.

PATENT-PROTECTED DESIGN.

Designed for your cat's lifestyle

Beyond looking cute as a button in your living room, the Catit PIXI® Mio has plenty more tricks up its sleeve. Not only is the front window fully removable, the back opens up as well, making it easy to load and unload your precious feline. The toggle latch and lock button at the back keep the PIXI® Mio securely closed.

The hard-shelled exterior offers optimal ventilation and an ergonomic handle to pick it up by. The Catit PIXI® Mio includes a padded cushion your cat will adore relaxing on.
